To Whom It May Concern,

It is with great pleasure that I write this letter of recommendation for Marcel Barbey. We chose Medicus Partners for our recruiting needs based on excellent recommendations that we received. They have proven to be a very professional firm that is thorough and comprehensive in their presentation and candidates reviews.

Marcel Barbey has been an excellent recruiter to work with. He took the time and made the effort to understand our company and made helpful suggestions regarding our recruitment needs. As a result of his effort, The Heart Center has had its best recruiting year with the addition of three new cardiologists.

We plan to continue working with Medicus Partners and highly recommend them as a recruiting firm.

Sincerely,

Larry J. Johnston  
Chief Executive Officer
